

DFP NEWS

Your source for important information and specials in the Touch-Up Industry!

Volume One Issue 9 July/August 2005 Published by DFP Inc. ©2005

Summer has arrived. With it comes warm weather and vacations. Whatever you are doing this summer we hope you enjoy it!

This month, instead of offering you the usual special, we are offering you a discount only if you sign up for the email version of our newsletter.

We asking you to switch to our email version for a couple of reasons. First and foremost, it is better for the environment and costs less. You don't have to pay for paper or toner unless you decide to print the newsletter. Secondly, it allows us to

offer you a better quality newsletter more quickly and efficiently.

So call us at 1-800-354-4445 or email us at dfpservice@dfp.ca today to sign up. Please remember if you are emailing us to include your company name and telephone number.

TIP OF THE MONTH

Humidity making your finish blush? Try our Blush Stopper. It allows trapped humidity to escape from finishes leaving you with a beautiful clear and blush free finish.

Please see item 768555 on page 5 in our catalogue.

GET 10% OFF YOUR NEXT ORDER

CALL 1-800-354-4445 OR EMAIL DFPSERVICE@DFP.CA TODAY TO SIGN UP

*Offer expires August 30, 2005. Use code NL04 when ordering.
Limit one discount per customer.

PRODUCT UPDATE

Owing to pressure from U.S. environmental and health and safety organizations, certain components in our aerosol line have been modified to provide a safer, more environmentally-friendly product. The performance of the product is unaffected, but you may notice a different odour. The following are the changes that were made:

- Most of the thinner content was replaced with acetone to reduce VOCs (volatile organic compounds)
- Toluene content was reduced in order to reduce or eliminate trace amounts of benzene

Ultimately, these changes have resulted in a product that is safer for the user and the environment.
